## For home For work

Answer a few simple questions to find the new PC or tablet that's right for you.

For a limited time, upgrade to Windows 8 Pro starting at \$39.99 ERP.

Discover a new world of apps for your Windows 8 PC.

The screenshot shows the Microsoft website homepage with a clean, modern design. At the top, there is a navigation bar with a 'MENU' dropdown, a search bar for 'Search Microsoft.com', the 'bing' logo, and the location 'United States (English)'. Below this is the 'Microsoft' logo and a secondary navigation menu with links for 'Products', 'Windows', 'Office', 'Buy', 'Downloads', 'Solutions', 'Security', 'Support', and 'About'. The main content area is divided into two columns. The left column features a large image of three different computer mice with the text 'Three fine mice.' below it. The right column has a blue header with 'For home' and 'For work' tabs. Below this is a 'I want to' section with a minus sign icon and the text 'Find deals at Microsoft Store'. This is followed by a 'Shop Microsoft Store' section with the Microsoft logo and the text 'Find the latest PCs, phones, software, games, and special offers.' with a 'Get started' button. Below that are two blue buttons with plus signs: 'Get a Windows Phone' and 'Get web apps for my phone and PC'. To the right of these buttons is a vertical yellow bar with a right-pointing arrow and a photo of a smiling woman. Below the mouse image is a 'Top products' section with a dropdown arrow and a horizontal menu with links for 'Most popular', 'Windows', 'Office', 'Xbox', 'Windows Phone', 'Windows Live', and 'Bing'. This section contains three product cards: 'Microsoft Office 2010' with a 'Buy now' button, 'The efficient way to do email' (Hotmail) with a 'Get started' button, and 'Microsoft Safety Scanner' with a 'Download now' button. At the bottom, there are three light blue boxes: 'Product support' with a clock icon and a 'Daylight saving time' link, 'Popular downloads' with links for 'Microsoft Office Compatibility Pack' and 'Malicious Software Removal Tool', and 'Latest news' with links for 'Bing social engineering team makes search 'less lonely'' and 'One year later, 'Kinect Effect' reaches far'.

The screenshot shows the Microsoft homepage with a dark grey navigation bar at the top. The main content area is white and features a large, colorful hero section with a rainbow background and white clouds. The hero section contains the text "Welcome to Microsoft" and "Ideas for a better world From students around the globe" along with the "Imagine Cup" logo. Below the hero section is a "Top products" section with a horizontal menu and three promotional tiles for Xbox 360, Halo 4, and Bing. The right side of the page has a vertical sidebar with five colored tiles: "For Home", "For Work", "For IT Pros", and "For Developers". The bottom of the page is divided into three columns: "Product support", "Popular downloads", and "Latest news".

The banner features three Nokia Lumia 822 smartphones. The central phone is white and displays the Windows Phone 8 interface with various live tiles for Verizon Wireless, People, Office, Nokia Music, and Voicemail. The background is a dark blue gradient with a large white 'NOKIA' logo at the top. Navigation links for 'Products', 'Apps', and 'Support' are visible in a dark blue bar. Social media sharing options for Facebook, Twitter, and a general share button are on the right. The Windows Phone logo and Verizon Wireless logo are at the bottom left and center respectively. A note about grey model availability is at the bottom left.

**ADRIANO GONÇALVES** nasceu aos vinte e seis dias do mês de janeiro do ano de 1972, na cidade de Marília, estado de São Paulo. Filho de Edvaldo Gonçalves e Ivanilde Silveira Gonçalves, neto do Rev. Amador Cláudio de Castro Silveira. ADRIANO é o vigésimo sétimo pastor de uma família de PASTORES, as famílias, Cintra Damão e os Silveira, que estão no Ministério Pastoral desde 1885 quando tudo começou na pequena cidade paulista de Espírito Santo do Pinhal, cidade natal de sua mãe.

Em 1995 iniciou seus estudos teológicos um dos grandes passos em sua vida para consagração ao ministério pastoral. Em 1999 após a conclusão de seus estudos na Faculdade Teológica Sul Americana de Londrina/PR, foi consagrado PASTOR pela Igreja Presbiteriana do Brasil, onde por 8 anos desenvolveu seu ministério. O PASTOR ADRIANO tem desenvolvido, um ministério abençoado e próspero como pastor, escritor e pregador avivalista, hoje, sob a cobertura espiritual da Igreja Batista do Bosque ao lado de sua esposa Maysa Gonçalves.

Foi graduado em Docência do Ensino Superior pela Faculdade Teológica Batista Betel, autor do PROJETO: PARA QUE TENHAM VIDA, 52 passos para se viver em abundância, um Livro motivacional, de auto ajuda que tem abençoado milhares de pessoas, mostrando que "Existe vida após a cruz", com mais de 1000 exemplares vendidos dentro e fora do país. Seu próximo passo no aperfeiçoamento de seu ministério, o pastor ADRIANO dará início aos seus estudos em MBA Executivo Empresarial em Gestão Estratégica, Inovação e Conhecimento pela Faculdade Batista Betel em Brasília DF.

ABOUT

SHOP

PRESS

CONTACT

### *Welcome Designers*

**YOU'VE GOT THE TALENT, AND WE'VE GOT THE TOOLS!**

Check out our new Fashion Sketchpad, produced together with publishing rock stars Chronicle Books. This pad will take your sketches to the next level— wherever you're starting from.

Our Fashion Sketchpad is the first solution of its kind and will revolutionize fashion design. It eliminates the need for light boxes and tracing paper and streamlines sketching. The preprinted female croquis disappear on photocopying or scanning, making it much easier – and faster – to get professional-quality, proportionate designs on paper.

We believe fashion designers and students deserve tools that can improve the creative process, eliminate the need for rework, and allow for effortless fashion sketching as they establish collections and portfolios.

Our mission is to put professional quality fashion design tools in the hands of aspiring and professional designers, helping you get your creative concepts on paper efficiently. Effectively. Gorgeously.

*Our sketchpad*

HOLA

TRABAJOS

ACERCA DE MI

CONTACTO

# HOLA!

MI NOMBRE ES JORGE RIGABERT  
Y SOY DISEÑADOR WEB Y GRÁFICO

*Aporto mi granito de arena en el diseño de interfaces,  
la experiencia de usuario y en la creación y optimización  
de ecommerce o websites entre otras cosas.*

Puedes **ver mis trabajos** para que sepas mejor de lo que hablo  
o quizás prefieras **conocerme** un poco mejor.

Si quieres **ponerte en contacto** conmigo, te responderé encantado.

HACIENDO QUE LAS COSAS SUCEDAN

Observar, estudiar, detectar  
las necesidades reales,  
hablar y empezar a planificar.  
Sólo estamos hablando del  
principio de la aventura...

Con los datos recogidos y las  
ideas claras, toca prototipar,  
darle forma y sentido a todo,  
para terminar vistiéndolo en  
un bonito y eficaz envoltorio.

Los colores son bonitos, pero  
tienen que funcionar y  
además a la perfección. En  
navegadores modernos o  
viejos, respira, funcionará.

Finalmente un último vistazo  
para comprobar que todo  
funciona como debe. La  
criatura ha nacido sana, el  
champagne lo pongo yo.

FRECKLES & HANDSOME'S

# Recipe For Love

**Angela Wilson & Josh Riggs** are getting hitched!

Then, they're having a big after-party on **July 9th, 2011**, at the **Farmer's Market** in **Winter Park, Florida** for you, their friends & loved ones. Come celebrate their recipe for love, life & marriage.

## STEP ONE

Meet someone amazing on Match.com. Spend the next two years attached at the hip, seriously annoying all of your friends with how enamored you are with each other.

## STEP TWO

Get engaged. Get Hitched. "Elope" to San Francisco. Have an awesome after party with all your friends and loved ones at the Winter Park Farmer's Market, on July 9th, 2011.

## STEP THREE

Live a happy life, taking lots of photos, eating lots of great food, and traveling to amazing places. Throw all ingredients in a blender, and *blend until awesome!*

## Hodowla z Sercem

*Program badań kardiologicznych mający na celu wykrycie kotów hodowlanych obciążonych kardiomiopatią przerostową.*

To najczęstsza choroba serca u kotów. Jest nieuleczalna i śmiertelna, dlatego hodowcy powinni dołożyć wszelkich starań, aby ograniczyć ryzyko jej występowania poprzez regularne badania kardiologiczne i celowe dobieranie zwierząt do rozrodu. Hodowla z Sercem to akcja przeprowadzana w celu przebadania jak największej liczby kocich serc u ras predysponowanych do rozwoju kardiomiopatii przerostowej. **DOWIEDZ SIĘ WIĘCEJ**

## WE BUILD WEB & MOBILE APPS THAT PEOPLE ♥

HOW CAN  
WE HELP  
YOU

### LAUNCHING A STARTUP?

We are lean, agile, affordable and understand startups. We co-founded a few ventures and helped a **number of entrepreneurs** crafting their ideas in code. Are you the next?

[more](#)

### LOOKING FOR A TECHNICAL TEAM?

Are you a creative agency looking for a talented team with different skill set? We're here! We understand the importance of design and deliver pixel-perfect interfaces.

[more](#)

### EMPOWERING AN EXISTING TEAM?

We worked on a number of projects for Fortune 500 clients including Microsoft and Electrolux. Let us join your team. We'll bring some fresh ideas and build it faster together.

[more](#)

QUOTE ROLLER

## THE PROCESS

The process is transparent. Clients are fully involved. You'll love the way we do it.

We deliver projects in iterations (sprints). Typical iteration is usually one week long and follows a standard process:

1. Discovery. Analysis. Wire-framing.
2. Tasks assignment and Development
3. Quality Assurance

## TECHNOLOGIES

We solve problems for clients and use technologies that make sense in the modern world. We specialize in a few things, but if we do it, **we do it really really well**

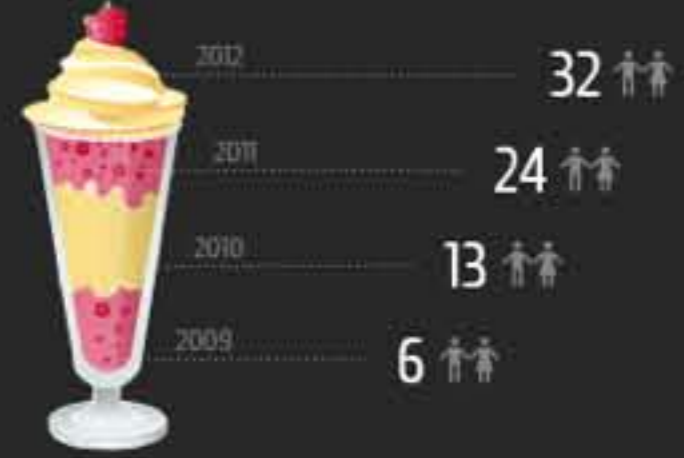

We have 2 teams: Python and Django developers, and HTML5, JavaScript, and Front-end coders. Contact us. Lets see what we can do together.

### Softlayer selected as cloud hosting partner

It's one year ago since SoftLayer opened its new European headquarters and data center in Amsterdam and along with network locations in London and Frankfurt in November 2011.

"We've chosen Softlayer because of their global network platform and the ability to support hybrid cloud environments" says Robert Leefmans "As an interactive agency we rely on our architecture's performance to compete. Moving our servers to the cloud makes our platform sustainable and capable of handling future growth."

## AMERICAN BELGIAN WAFFLE

Belgian waffles had their American debut at the Century 21 Exposition in Seattle, WA in 1962.

The waffles were further popularized in the United States during the 1964 New York World's Fair at Flushing Meadows Park, NY.

## BEL 50 OFFICIALLY OPENS!

1400s

## THE MIDDLE AGES

The Waffle is actually one of Western civilization's finest achievements! During the Middle Ages, (when bakeries decided to compete with Monasteries in the wafer market), the present day waffle was born.

Furthermore, waffle irons were engraved with religious symbols, coats of arms, and other patterns to brand the baked items.

1962

2010

## WAFFLE SANDWICHES

During the summer of 2010, Tim started to do some research on the ingredients of the Brussels Waffle. After conducting research on healthier versions of the Brussels Waffle, he thought about taking this a step further and turning the waffle into something that tastes like freshly baked country bread, but with more texture. At that moment, BEL 50 was born!

## SECURE YOUR TV TO PROTECT YOUR FAMILY

Our homes are a safe haven from the dangers of the outside world. Unfortunately, they also house a growing danger that we use every single day. Our TV.

Flat-panel TVs are tall, thin and can easily tip causing personal injury or death. Mounting your flat-panel to the wall is the safest option for securing your television. To highlight this solution and prevent further injury, TVSafety.org was created to educate the public on this growing danger and present safe solutions to protect families. It is our goal that together we can help to reduce TV-related injuries and create a safe environment for all to enjoy.

## START EXPLORING BY CLICKING BELOW

Read the story, learn tips from the "safety buddy" and see TV tip-over danger data firsthand.

[Read the Story](#)

TV-related incidents near you? Find out by entering your ZIP Code into the interactive map.

[Search the Map](#)

Learn about the available solutions to increase TV safety in your home.

[Find Solutions](#)

## EVERY FLAT PANEL TV SHOULD BE SECURED

Mounting your flat-panel TV is the safest, most secure way to avoid injury. And with a wide variety of TV wall mounts on the market, you're sure to find a perfect mount for your exact need. Whether you're seeking a specific product, benefit or feature, chances are you're sure to find an easy to install mount that will take your TV to new heights. But remember, the worst decision is indecision so make a plan to secure your TV today.

## NEW Identity

New graphic identity is a result of experiments and playing around!

K2 means **creativity and technology**. Thus, the colorful visualization is combined with a crude form of a new logotype.

K2 means **caring for the image of other brands**. Thus, our new logotype does not predominate and can easily form the background for other brands.

K2 means **working in a virtual environment**. Thus, for a change, we created new designs with the use of analogue techniques, manually, without resorting to 3D techniques.

## The Better Way to Wireframe Websites and Rich Internet Applications

### Wireframes

FlairBuilder has the tools you need to wireframe a website or iPhone application. Lots of built-in widgets to get you started and up to speed.

[Learn more →](#)

### Prototypes

Simulate a rich set of interactions with common actions such as popups, show/hide, move and resize components, and much more.

[Learn more →](#)

### Free Viewer

Show your clients or team the prototype in action and quickly gather feedback. FlairBuilder has an easy to use, full featured, and free online viewer.

[Learn more →](#)

Works on via

FlairBuilder is a **cross-platform prototyping tool** that helps you create **interactive wireframes & prototypes faster, easier and with better results.**

**Download & Try FlairBuilder**  
15-day Free Trial

Watch the video Tour

### Who is using FlairBuilder

#### Design & Prototype Wireframes

With FlairBuilder you get the tools to prototype in a way that was only accessible to programmers, until now. No coding, faster and easier results.

#### Rich Interactive Prototyping

With 60+ standard customizable components you got all you need to prototype real world applications.

#### Design Clean Wireframes

Powerful but easy to use design features to layout clean and elegant wireframes.

#### iPhone™ Apps Prototyping

Wireframing an iPhone™ app or website is plain easy thanks to the interactive prototyping features of FlairBuilder, and iPhone™ specific widgets & stencils.

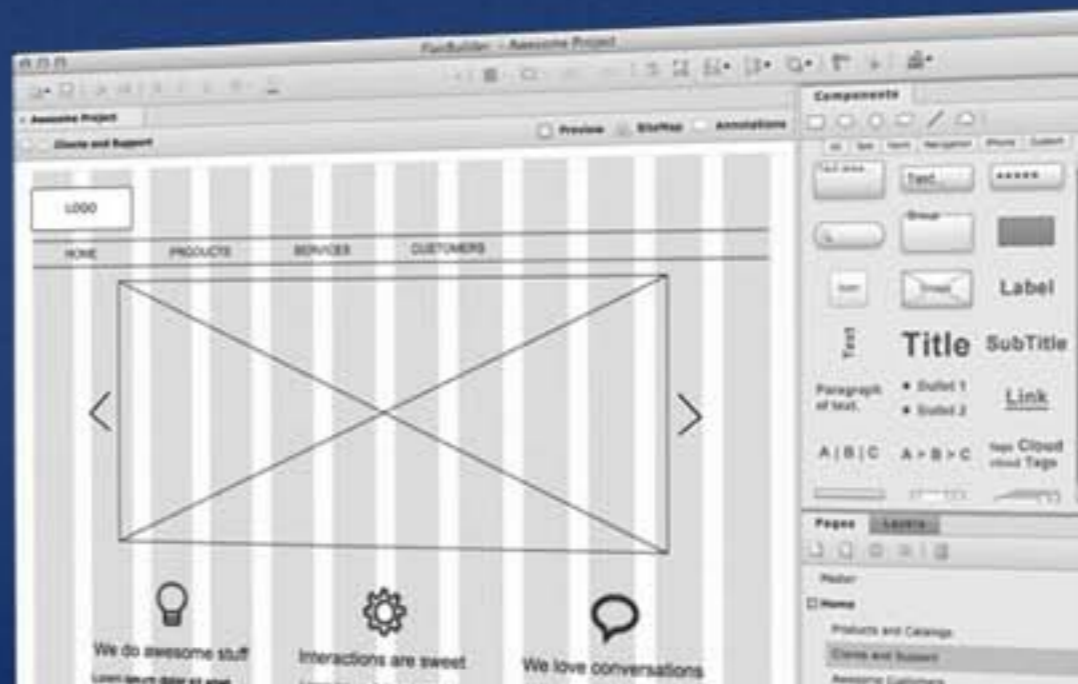

[View all Features →](#)

## The Better Way to Wireframe Websites and Mobile Apps

FlairBuilder is a prototyping tool that lets you create interactive wireframes for websites and mobile applications. It's easy to learn and use, and comes with lots of options.

Download & Try FlairBuilder  
15-day Free Trial

### Low&High Fidelity With One Tool

FlairBuilder lets you start with a low fidelity sketch, and jump to a higher fidelity wireframe with just one click. All interactions will stay in place. Switch back and forth if you need to. Adapt to your audience!

### Include everyone in the process

Bring stakeholders, managers, your team or end users and let them play with the early prototypes. This will get you invaluable feedback and will help you decide on which direction to follow in later phases.

### Impress your team or clients

Starting a project with a quick visualization will make you look like an UX super-hero! It takes minutes to put together a quick prototype, and you can update it on the spot. Be ready to answer the "How did you do that?" question.

### Prototype, review, refine

It's easy to iterate over early concepts. Wireframes are easy to build, quick to throw away. As feedback comes in, you can quickly change directions, test different approaches and decide which one is best.

## Studios

Hi, welcome to B3. We're a small team of web developers from the Midlands who love creating **fast, beautiful, user-friendly websites** using the latest web standards & technologies.

### Design & Development

When it comes to your website, first impressions are important. Your customers will judge your site within seconds of visiting it, therefore it's important that your online identity reflects who you are as a business and communicates to your visitors effectively.

With this in mind we work hard to deliver

### Online Stores

When it comes to selling your products online there are a number of options available to you. That in itself can make setting up your store seem a little daunting. Who will process your payments? How will you track your inventory and manage your orders? There really is a lot to consider when you're selling online.

### Content Management

One of the most important aspects of having a great website is making sure that your site content is kept fresh and up to date. Rather than having to go back to your designer to make the changes for you, why not get yourself a B3 Content Management System! Our web-based CMS is really easy to use and will allow you to update and add pages to your site anytime, anywhere.
